As The New Bocce Pavilion Progresses, We Want To Recognize Those Who Have Contributed.

Since the creation of Club Molisani Charities in 2005, our Club has been proudly formed by the contributions of its members. The "giving" continues to this day with the construction of a new addition to our facility. Everyone who has seen our facility remarks how impressive everything looks - from our beautiful synthetic courts, the spaciousness of our hall, the unbelievable detail and beauty in our bar area, and the usefulness of everything in our kitchen. Our Club is exceptionally unique in that we have willing members who possess the skills and talents to create a beautiful and functional place that we all call "home". Every winter, our Club is full of members on any given day.

With the construction of our sizable addition on the back of our facility, we now believe the Club will be just as busy during the summer months. We are a diversified group of skills and talents, who also possess the "determination" that many would love to emulate. To this end, Club Molisani would like to thank John Calabrese, Gianmichele Bruno, and Raffaele Colecchia for their contributions to the construction of our addition. Thank you gentlemen for using your skills and talents to make our facility significantly more enriching. John, Gianmichele, and Raffaele - we thank you for "paving the way".

We also included a list of other members who have contributed to the construction of our new addition. We are sincerely appreciative to all those who have helped. From all the members of Club Molisani Charities....THANKYOU!
